

*MAP NOT TO SCALE

Winnebago County

KEY

Good news! In 2013 there will not be any US 41 interchange closures in Winnebago County.

1 US 41 Mainline

Witzel Avenue to US 45

August 2011 through July 2013

US 45 to Breezewood Lane

April 2011 through May 2013

Reconstruction of northbound US 41 lanes.

Mainline US 41 will have two lanes of traffic in each direction. Expect periodic nighttime lane closures from 7 p.m. to 5 a.m.

2 Lake Butte des Morts Causeway

September 2011 through July 2013

Construction continues on the new northbound lanes and the new northbound structure over the Lake Butte des Morts main channel.

Two lanes of traffic will remain open in both directions, but lanes and shoulders will be narrow; motorists may experience temporary nighttime closures as trucks and equipment move in and out of the work zone.

3 WIS 44 Interchange

April 2013 through November 2013

Replace the southeast wing on the WIS 44 structure over US 41; replace concrete pavement approaches to the WIS 44 structure; install paver bricks and landscaping in the WIS 44 median.

No impact to US 41 traffic, but lane closures on WIS 44 will occur daily when work is being completed in the area. WIS 44 will be down to one lane in each direction on the WIS 44 structure for eight weeks while work is completed on this structure and pavement approaches.

CONSTRUCTION SCHEDULES ARE SUBJECT TO CHANGE.

US 41 PROJECT TRAVELER'S GUIDE

What you need to know before you go

**Traffic impacts, project maps
and alternate routes**

US 41 Project work in 2013 will focus on expansions and improvements in Brown County, while wrapping up construction activities in Winnebago County. This important highway connects Green Bay, the Fox Valley and northern Wisconsin with major urban centers in Madison, Milwaukee and beyond.
